Blood and Bones

Kodaline

I wish someone would explain to me How losing you is gonna make me feel Like someone shot a hole in me And left me out for the wolves to eat You're in my blood You're in my bones On my mind wherever I go Can you hear me? I miss you today Hey-hey-hey, it's just not the same Hey-hey-hey And I still drive by your old house Fight back tears and turn the music loud Your favorite song, My LCD Soundsystem is always on repeat You're in my blood You're in my bones On my mind wherever I go Can you hear me? I miss you today Hey-hey, it's just not the same Hey-hey-hey I miss you today Hey-hey-hey And I'd give it all away if I could get you back And I can't hold on I can't hold on I can't hold on I can't hold on You're in my blood You're in my bones On my mind wherever I go Can you hear me? I miss you today Hey-hey-hey, it's just not the same Hey-hey-hey I miss you today Hey-hey, it's just not the same Hey-hey-hey And I'd give it all away if I could get you back And I can't hold on It's just not the same I miss you today
