

# Play The Game

Kodaline

Oh my world is turning inside out  
Say I'm crying breaking up inside  
See my heart is sinking to my knees  
Tell me brother what is it you need?

I don't wana be a pretender  
I just wanna be me

Nobody  
Nobody  
Nobody's gonna carry you  
Try harder  
Get smarter  
Dream bigger  
Play the game

Oh you're blaming everybody else  
Stop complaining and do it for yourself  
Feed your body, your spirit and your mind  
Oh my brother just enjoy the ride

I will never be a pretender  
I'm just gonna be me

Nobody  
Nobody  
Nobody's gonna carry you  
Try harder  
Get smarter  
Dream bigger  
Play the game

Everybody's got a story to tell  
When you're looking up at heaven but you're stuck in hell, come on  
You gotta play, play the game

Play the game

Nobody  
Nobody  
Nobody's gonna carry you  
Play the game  
Try harder  
Get smarter  
Dream bigger  
Play the game

Nobody  
Nobody  
Nobody's gonna carry you  
Play the game  
Try harder  
Get smarter  
Dream bigger  
Play the game
