## Pray

Kodaline

How many nights do you lie dreaming I'm counting the days since you went away When I lost my heart, life lost all meaning What I would give to see you again

I'll pray for you Do you pray for me? I'll pray for you

And you slipped away from me without talking The look in your eye was stronger than this And I drink alone to stop me from weeping What's left of my heart is forever yours Forever yours

I'll pray for you
Do you pray for me?
I'll pray for you

I know I know I know I know
