

## Ready to Change

Kodaline

Shots rang out, but there's no gun  
Still, you hurt on everyone  
In the dips of you, the sparks are good  
But you're not even trying, trying  
You feel the knife in your gut  
But you're so scared of what you want  
You bite your lip and hold your tongue  
What are you hiding? Hiding

We got tired of your charms  
And tired of your false alarms  
You're just a book that never turns its page

You can stand on the edge shouting out that you're ready to change (ready to change)  
You can say what you want  
You won't jump, you're not ready to change, ready to change

Happy times, there's been a few  
A different me, a different you  
Now you sell your soul for something new  
But nobody's buying (buying)

'Cause we got tired of your charms  
And tired of your false alarms  
You're just a book that never turns its page

You can stand on the edge shouting out that you're ready to change (ready to change)  
You can say what you want  
You won't jump, you're not ready to change, ready to change

You can stand on the edge shouting out that you're ready to change (ready to change)  
You can say what you want  
You won't jump, you're not ready to change, ready to change  
You can stand on the edge shouting out that you're ready to change (ready to change)  
You can say what you want  
You won't jump, you're not ready to change, ready to change
