

Take Control

Kodálne

Take control of who you are
Stay the same, don't let them change you
Take control of who you are
'Cause ain't nobody gonna save you
Take control of who you are
When the world is getting stranger
Take control of who you are
Stay the same, don't let them change you

And when it comes apart,
When it comes apart,
Just start again
And open up your heart
Take control of who you are

Take control of who you are
When you're looking in the mirror
Underneath the scars
You will see a little clearer
Take control of who you are
When the world is getting stranger
Take control of who you are
Show the people what you're made of

And when it comes apart,
When it comes apart,
Just start again
Open up your heart
Take control of who you are

And when it comes apart,
When it comes apart,
Just start again
Open up your heart
Take control of who you are

You won't bring me down
You won't bring me down
You won't bring me down

And when it comes apart,
And when it comes apart,
Just start again
Open up your heart
Take control of who you are
