

# The Riddle

Kodaline

Sunday morning rain, together we are all alone again  
And I can feel your breath  
Beneath the sheets and on my skin  
Come closer to me now, forget about the world outside  
'Cause I could die right here  
So kiss me like we're out of time

We are caught up  
Stuck in the middle of our love  
Chasing the riddle of what we need  
We are all we need  
It's your touch, gives me a shiver and a wild rush  
Chasing the riddle of what we need  
We are all we need  
We are all

Come on, do it again  
Hold me like you did before  
You got me hypnotised  
We're all that we've been searching for  
I see it in your eyes  
And the way your curl your lip and smile  
And I could die right here  
So kiss me like we're out of time

We are caught up  
Stuck in the middle of our love  
Chasing the riddle of what we need  
We are all we need  
It's your touch, gives me a shiver and a wild rush  
Chasing the riddle of what we need  
We are all we need  
We are all

Your heart is my heart  
And my heart is yours  
Your heart is my heart  
And my heart is yours  
I'll say it again□  
(Your heart is my heart  
And my heart is yours)  
I'll say it again□  
(Your heart is my heart  
And my heart is yours)

We are caught up  
Stuck in the middle of our love  
Chasing the riddle of what we need  
We are all we need  
It's your touch, gives me a shiver and a wild rush  
Chasing the riddle of what we need  
We are all we need  
We are all

We are all  
We are all we need  
We are all
