

Koffin Kat Rock

Koffin Kats

It drinks the blood of angels as its chewing off their ways,
Bloodlust in its pursuit of destroying everything,
It'll hold your world in one claw and strike it with the other,
and when it's through with your life, It'll move on to another,
Well, yeah

Claw to Claw and ask I'm ready to pop
From Jive Blues to Beer, Koffin Kat Rock,
Please our demon dead, Koffin Kat Rock,
And all systems go, Koffin Kat Rock,
Clawing at your soul, Koffin Kat Rock

It's haunting in the darkest shadows of manciple daymare,
And we're the ones to feed on flesh, it's bopping yet in flare,
There's children in the backyard, the easiest to prey,
The Koffin Kat will never stop when there's lives to take away
homie,
Well, no

Claw to Claw and ask I'm ready to pop
From Jive Blues to Beer, Koffin Kat Rock,
Please our demon dead, Koffin Kat Rock,
And all systems go, Koffin Kat Rock,
Clawing at your soul, Koffin Kat Rock

It drinks the blood of angels as its chewing off their ways,
Bloodlust in its pursuit of destroying everything,
It'll hold your world in one claw and strike it with the other,
and when it's taken your life, It'll move on to another,
Baby, well, oh

Claw to Claw and ask I'm ready to pop
From Jive Blues to Beer, Koffin Kat Rock,
Please our demon dead, Koffin Kat Rock,
And all systems go, Koffin Kat Rock,
Clawing at your soul, Koffin Kat Rock

Well oh yeah, Koffin Kat Rock,
Oooooohhhhhh, Koffin Kat Rock,
Ohhhh yeah, Koffin Kat Rock,
Nooooo, Koffin Kat Rock
