

To our health to your health
lets order up a round.
The night is just beginning
we traveled to your town.
We've been out on the road
most of the day.
Its good to see a bar
its good to see a stage.
So put the pabst on ice.
Were all thirsty.

Hey. Nostrovia.

The music is so moving
and the crowd is so alive.
Its good to bring some life
into this little dive.
Its been almost a year
since we have seen this place.
Its good to see our friends
they are like family.
Another tray of shots.
Lets all party.
