## She's Deadly

**Koffin Kats** 

Poisoned by beauty, she keeps me in her web Lips laced with venom, it puts me close to death I try to escape, she always pulls me back Constant reminder that I'm just a pet

And yes she's deadly She's so deadly She breaks you apart and tears out your soul, deadly She's so deadly I can't forget cause she can't let me go

Caged as a dead rat She treats me like a dog Burns me with tasers and tells me I'm wrong she says she'll kill me, I know somebody she will Look at me bleeding, with love for her still
