

Dream Girl

Kolohe Kai

All through, my days at school
I often think of you, my darling baby boo
You're always in my head, that's why I can't wait to go to bed, to
close my eyes and visualize, you right by my side.

You're my dream girl, living in my dream world,
I'm in love with you, please don't wake me up.
You're my dream girl, living in my dream world,
I'm in love with you, please don't wake me up, please don't wake
me up.

We're walking hand in hand in Disneyland, then we're at the grand
canyon, soon we'll be on the moon, that afternoon walking on
the sand.

My Hawaiian baby girl, in my dreams you're always near.
But in the morning, there's a warning, that you won't be here

You're my dream girl, living in my dream world,
I'm in love with you, please don't wake me up.
You're my dream girl, living in my dream world,
I'm in love with you, please don't wake me up, please don't wake
me up.

Oh my girl we can go anywhere
Just say the place and I'll take you there.
In this dream I can be your King, and you my love,
you can be my queen...

You're my dream girl, living in my dream world,
I'm in love with you, please don't wake me up.
You're my dream girl, living in my dream world,
I'm in love with you, please don't wake me up, please don't wake
me up.
