How'd You Like That

The Kooks

Well, I was sleeping Only in my head Slipping in and out of time And I was lifting Always higher And the women of heaven sang They were singing How'd you like that? I like it How'd you like that? How'd you like that? How'd you like that? It lifts me up What better time to Take a ride with you Through the universe tonight The look of silence Much like your face And the symphony that helps me sing They were singing, How'd you like that? I liked it How'd you like that? How'd you like that? How'd you like that? I only just let go How'd you like that? I like it How'd you like that?

How'd you like that?

How'd you like that?
It lifts me up

How'd you like that? How'd you like that? How'd you like that?

How'd you like that? How'd you like that? How'd you like that?

I feel for what you feel for me
Let's work together
(How'd you like that?
How'd you like that?
How'd you like that?)
Take it out across the sea
To America
(How'd you like that?
How'd you like that?
How'd you like that?

I feel for you what you feel for me, so let's work together (How'd you like that? How'd you like that? How'd you like that?)
Take it out across the sea
Let's work together
