

# Love It All

The Kooks

See I've got this woman here  
She loves me all the time  
No need for excuses  
No pressures in my mind

And she said love it all, love it all, love it all  
And she said love it all, love it all, love it all

My heart was living down  
And I've been pushed over the line  
But on your hand, it'd be broken  
And I'll be all over this time

And she said love it all, love it all, love it all  
And she said love it all, love it all, love it all  
And she said love it all, love it all, love it all  
And she said love it all, love it all, love it all

And she said love it all, love it all, love it all  
And she said love it all, love it all, love it all  
And she said love it all, love it all, love it all  
And she said love it all, love it all, love it all

Love it all, love it all, love it all  
And she said love it all, love it all, love it all
