

Walk Away

The Kooks

Lover don't you walk away
Near me always I would like you to stay
Cause it looks like you're the same son

Loving don't have to be so hard
Look inside your stone-cold heart
And you see that I'm just like you

And if I was late then I'm sorry
And if I was you I'd be angry too
I'd be angry too but I'm not you

Look at me I try so hard
Just to be to be a part of oh you
And oh so odd something new

Yes I would like to walk away
Near your bosom I would gladly stay
But I'm only base in what I do

And if I was late then I'm sorry
And if I was you I'd be angry too
I'd be angry too but I'm not you
I'm not you I'm not you

Loving me don't have to be hard
Oh darling start from the start
And you see that I'm the same son
