

Life Is What You Make It

Kool & The Gang

Think about what it means to live

The time to live and love your life is now yours
The time to learn to love yourself is now yours
To live and find yourself your love is all right yours
When you learn to do the things, you're on your way

The time to find the things you want is now yours
The time to get the things you need is now yours
The things you need when times get tough get now yours
When you learn to do the things, you've got to say

Life is what you make it
Life is what you do
Life is what you make it
When you do your things, that's not the way

Yeah, hey hey, yeah

The time to live and love your life is now yours
The time to learn to love yourself is now yours
To live and find yourself your love is all right yours
When you learn to do the things, yeah

Life is what you make it
Life is what you do
Life is what you make it
Life is what you do
Life is what you make it
Life is what you do
Life is what you make it
