You and I, love will not compromise
And we, we can go on
'Cause you and me we can't go wrong

Sleep will close your eyes
Dream of love and make it multiply
'Cause we, we can't go wrong
You and me we can't go wrong
go wrong..

You and I, love will not compromise
And we, we can go on
'Cause you and me we can't go wrong

Sleep will close your eyes
Dream of love and make it multiply
'Cause we, we can go on
You and me we can't go wrong
'Cause you and me we can't go wrong'
'Cause you and me we can't go
You and me
We can't go wrong
