

## In a Heartbeat

Koop

Standing next to you  
A dream is coming true  
In a heartbeat  
Feeling's right  
I finally see the light  
In a heartbeat  
Something in your eyes

Has got me hypnotized  
In a heartbeat  
And near or far  
I try to be where you are  
In a heartbeat  
Wanna laugh wanna sing  
Wanna do everything  
In a heartbeat

Wanna live wanna be  
Where's the spirits are free  
In a heartbeat  
Keep it up keep it down  
Keep it turning around  
In a heartbeat  
Make it dark make it light  
Make it magic tonight

In a heartbeat  
It all seems strange  
My whole life has changed  
In a heartbeat  
Love is shining through  
In everything you do

Honey in a heartbeat  
And something in your eyes  
Has got me hypnotized  
In a heartbeat  
And near or far  
I try to be where you are  
In a heartbeat
