

Break Some Off

Korn

I am living without you
You think everything will be fine
I find making it hard to lie
Realize nothing is left inside

I'm about to break some fucking off
Going to lose my mind
I'm about to break some fucking off
I feel I'm feeling fine
I'm about to break some fucking off
No it won't be fine
I'm about to break some fucking off

My lies is going to hurt you
my fate is not going to wait this time
I play, games just to spite you
I know, you're going to believe this time

I'm about to break some fucking off
Going to lose my mind
I'm about to break some fucking off
I feel I'm feeling fine
I'm about to break some fucking off
No it won't be fine
I'm about to break some fucking off

Feel me as I'm laughing
Leaving, eating, fucking
Hating all this bullshit
Maybe I can't stand this
Fuck, fuck, fuck, fuck, fuck, fuck, fuck, fuck
I can't stand this

Fuck
I'm about to break some fucking off
Going to lose my mind
I'm about to break some fucking off
I feel I'm feeling fine
I'm about to break some fucking off
No it won't be fine
I'm about to break some fucking off
Off, off, off, off
