

Embrace

Korn

Blood is pouring
Sleep is boring
Don't stop running
I'm here counting

The life, the hurt, the pain, the hate
The life, the hurt, the pain, the hate
The life, the hurt, the pain, the hate
Will he keep fuckin' with me? There's no where else to go!

So I walk but seem to crawl
For, I'm giving in today
Now I run into a wall
Cause I cannot fight my way

You've gotta come with me (I cannot stand this place)
We're falling off the world (and I'll give in this way)
We had a chance to run (and now I can't believe)
We're going all the way (and all the affairs embrace)

My life, worry, life is story
Give up, beating
I'll start, needing

The life, the hurt, the pain, the hate
The life, the hurt, the pain, the hate
The life, the hurt, the pain, the hate
Will he keep fuckin' with me? There's no where else to go!

So I walk but seem to crawl
For, I'm giving in today
Now I run into a wall
Cause I cannot fight my way

You've gotta come with me (I cannot stand this place)
We're falling off the world (and I'll give in this way)
We had a chance to run (and now I can't believe)
We're going all the way (and all the affairs embrace) (Embrace Embrace [4x])

Oh
Uh, uh, uh uh.
Uh, uh, uh uh.
Uh, uh, uh uh.
Uh, uh, uh uh.

What really do I have to follow?
Nothing makes sense at all.
Taking something for nothing
Watch me as I fall.

I'm bringing me down [3x]
I'm bringing me...down

You've gotta come with me (I cannot stand this place)
We're falling off the world (and I'll give in this way)
We had a chance to run (and now I can't believe)
We're going all the way (and all the affairs embrace) [2x]
