

Here It Comes Again

Korn

Pounding it starts again
Hurting, oh where do I begin?
Screaming they dance around my head
Hoping they'll maybe end up dead

Feeling it grab hold, what can I say?
Feeling fucked up again
(I've got to kill to fight)
I can't fucking give in
(I feel that I can fight)
Can't I ever win?
(I'll keep it on my mind)
Here it comes again

Silence it goes away
Patience oh really should I stay?
Trying so hard to get ahead
Failure is often where I'm lead

Feeling it grab hold, what can I say?
Feeling fucked up again
(I've got to kill to fight)
I can't fucking give in
(I feel that I can fight)
Can't I ever win?
(I'll keep it on my mind)
Here it comes again

Oh, I must hold on
Oh, I won't be gone
Oh, I won't stop now
Oh, I don't know how
Why I can't hold on?
(Here we go again)
Why I can't be gone?
(Here we go again)
Why I can't stop now?
(Here we go again)
Why I don't know how?
(Here we go again)

[illegible]

Feeling it grab hold, what can I lay?
Feeling fucked up again
(I've got to kill to fight)
I can't fucking give in
(I feel that I can fight)
Can't I ever win?
(I'll keep it on my mind)
Here it comes again
