

# Mass Hysteria

Korn

Wake up  
It's almost over  
Something is taking me  
Everytime I'm up it kills me  
With day to day  
Shockwaves shatter me

I don't beg in security  
Get up and  
Don't look back now  
Don't look back now

We ride a dying star  
Across a burning sea  
We're like a supernova now  
The fire is burning in me  
MASS HYSTERIA, MASS HYSTERIA

Giving up  
I won't stop fighting  
Bring it on, it wont phase me  
Everytime it makes me stronger  
With day to day  
Shockwaves shatter me

I don't beg in security  
Get up and Don't look back now  
Don't look back now

We ride a dying star  
Across a burning sea  
We're like a supernova now  
The fire is burning in me  
MASS HYSTERIA, MASS HYSTERIA

Go on day to day  
Stirring up the happy sorrow  
Why does life got be this way?  
Everytime I'm up it kills me  
Somewhere deep, responding change  
Manipulation rapid all around  
Dark all these days  
Calling on something to follow

Mass hysteria (Mass hysteria)  
We ride a dying star  
Across a burning sea  
We're like a supernova now  
The fire is burning in me  
MASS HYSTERIA, MASS HYSTERIA
