Narcissistic Cannibal

Don't wanna be sly and defile you Desecrate my mind and rely on you I just wanna break this crown But it's hard when I'm so run down

And you're so cynical, Narcissistic Cannibal! Got to bring myself back from the dead!

Sometimes, I hate, the life, I made Everything's wrong every time Pushing on I can't escape Everything that comes my way Is haunting me taking its sweet time

Holding on I'm lost in a haze Fighting life to the end of my days

Don't wanna be rude but I have to Nothing's good about the hell you put me through I just need to look around See that life that has come unbound

And you're so cynical, Narcissistic Cannibal Got to bring myself back from the dead

Sometimes, I hate, the life I made Everything's wrong every time Pushing on I can't escape Everything that comes my way Is haunting me taking its sweet time

Sometimes, I hate, the life I made Everything's wrong every time Pushing on I can't escape Everything that comes my way Is haunting me taking its sweet time

Holding on I'm lost in a haze Fighting life to the end of my days
