

# Punishment Time

Korn

I'm walking on a razor blade.  
Careful not to cross the line.  
Every little step I take, it's punishment time now.  
I'm getting to the end of the blade.  
Slipping to the other side.  
Every little step I take, it's punishment time!

Fighting to survive there's no tomorrow.  
Fighting to survive there's no today.  
Final flight I'm losing my mind.  
Heavy on the heart there's no tomorrow.  
Heavy on the heart there's no today.  
Final flight I'm losing my mind.

I'm hanging like a bat today.  
Crucified by the sign.  
Every little move I make, it's punishment time now  
I'm sleeping on a bed of nails.  
They're breaking through one at a time  
cause every little move I make.  
The punishments mine.

Fighting to survive there's no tomorrow.  
Fighting to survive there's no today.  
Final flight I'm losing my mind.  
Heavy on the heart there's no tomorrow.  
Heavy on the heart there's no today.  
Final flight I'm losing my mind.

I give and don't get.  
I try to my death.  
There's something inside of me  
that makes me forget.  
I give and don't get.  
I'll try to my death.  
There's something inside of me  
that makes me forget.  
I give and don't get.  
I'll try to my death.  
There's something inside of me  
that makes me forget.  
I give and don't get.  
I'll try to my death.  
There's something inside of me  
that makes me forget!

Fighting to survive there's no tomorrow.  
Fighting to survive there's no today.  
Final flight I'm losing my mind.  
Heavy on the heart there's no tomorrow.  
Heavy on the heart there's no today.  
Final flight I'm losing my mind.

Losing my mind, losing my mind, losing my mind,  
losing my mind.
