

# Sing Sorrow

Korn

In the deepest part of me  
Like an unknown enemy  
I was never meant to fight  
Little seed of purity  
And you don't belong to me  
Still I'm blinded by its light  
DON'T TRY TO MAKE IT RIGHT!

Does anybody know bout love  
Does anybody care bout God  
If you're with me sing sorrow

Penny for your thoughts I fear  
we need a little help round here  
If you're with me sing sorrow

When the stars don't ever heal  
Do you fear you'll never feel?  
What it is to be at peace  
YOU'RE CRAVING A RELEASE!

Does anybody know bout love  
Does anybody care bout God  
If you're with me sing sorrow

Penny for your thoughts I fear  
we need a little help round here  
If you're with me sing sorrow

I don't understand here  
Why God would do me this way.  
I lived a life  
Was always good  
The one thing I need to take away

TO TAKE WAY  
THE ONE THING (TAKE AWAY)  
THE ONE THING (TAKE AWAY)  
THE ONE THING (TAKE AWAY)  
THE ONE THING (TAKE AWAY)  
just take away  
THE ONE THING (TAKE AWAY)  
one thing to take away  
THE ONE THING (TAKE AWAY)  
one thing to take away  
AWAY AWAY

It took away my world  
all it left was pain  
and all this time was for nothing

Does anybody know about love  
Does anybody care about God  
If you're with me sing sorrow

Penny for your thoughts I fear  
we need a little help round here

If you're with me sing sorrow
