

# Spike in My Veins

Korn

We are the ones taking all the pain  
Falling on our faces They don't care  
Anyway Anyway, now the one that makes me feel like I'm alive  
re the one that  
Pushes me all the time All the time, now

We are hard and grey Always fate, to do what they say  
Calling me deranged  
Power, I must take its place some way

Never gonna runaway Seeking out the path But the pain always gets in the  
Way Slowly watch me die I'm insane, so dangerous Don't you dare  
get in my  
Way Throwing in the towel Got me strained, so betrayed Get the  
fuck out of  
My way looking at my thoughts, I take my time pounding all these  
spikes in my  
Veins

We are the ones reaching out in vain Trying to solve our problems  
They won't  
Go away, go away now the one that makes me feel like I'm alive  
re the one  
That pushes me all the time All the time, now

We are hard and grey Always fate to do what they say Calling me  
deranged  
Power, I must take its place some way

Never gonna runaway Seeking out my path But the pain always gets  
in the way  
Slowly watch me die I'm insane, so dangerous Don't you dare get  
in my way  
Throwing in the towel Got me strained, so betrayed Get the fuck  
out of my  
Way looking at my thoughts, I take my time pounding all these  
spikes in my  
Veins

Pounding all these spikes in my veins Pounding all these spikes in  
my veins  
Pounding all these spikes in my veins

Never gonna runaway Seeking out my path But the pain always gets  
in the way  
Slowly watch me die I'm insane, so dangerous Don't you dare get  
in my way

Throwing in the towel Got me strained, so betrayed Get the fuck  
out of my  
Way oking at my thoughts, I take my time ounding all these spik
