

Spike in My Veins

Korn

We are the ones taking all the pain
Falling on our faces They don't care
Anyway Anyway, now the one that makes me feel like I'm alive
re the one that
Pushes me all the time All the time, now

We are hard and grey Always fate, to do what they say
Calling me deranged
Power, I must take its place some way

Never gonna runaway Seeking out the path But the pain always gets in the
Way Slowly watch me die I'm insane, so dangerous Don't you dare
get in my
Way Throwing in the towel Got me strained, so betrayed Get the
fuck out of
My way looking at my thoughts, I take my time pounding all these
spikes in my
Veins

We are the ones reaching out in vain Trying to solve our problems
They won't
Go away, go away now the one that makes me feel like I'm alive
re the one
That pushes me all the time All the time, now

We are hard and grey Always fate to do what they say Calling me
deranged
Power, I must take its place some way

Never gonna runaway Seeking out my path But the pain always gets
in the way
Slowly watch me die I'm insane, so dangerous Don't you dare get
in my way
Throwing in the towel Got me strained, so betrayed Get the fuck
out of my
Way looking at my thoughts, I take my time pounding all these
spikes in my
Veins

Pounding all these spikes in my veins Pounding all these spikes in
my veins
Pounding all these spikes in my veins

Never gonna runaway Seeking out my path But the pain always gets
in the way
Slowly watch me die I'm insane, so dangerous Don't you dare get
in my way

Throwing in the towel Got me strained, so betrayed Get the fuck
out of my
Way oking at my thoughts, I take my time ounding all these spik
es in my
