

You'll Never Find Me

Korn

Life is degrading in silence their making me
Spun out inside my own head
Steering and craving this darkness is baiting me
Down the row to my own death

I can't take this
I might break it
Watch it all fall down

So come give me
The truth you hide
See the ring
Inside

Humiliating
I fall to it's craving
It feeds on the doubt in my heart
Singing and fading
Our feelings I'm saving
To fix what I tore all apart

I can't take this
I might break it
Watch it all fall down

So come give me
The truth you hide
See the ring
Inside

I'm lost
You'll never find me
I'm lost
You'll never find me
I'm lost
You'll never find me
I'm lost
You'll never find me
I'm lost
You'll never find me
I'm lost
You'll never find me
I'm lost
You'll never find me
I'm lost

So come give me
The truth you hide
See the ring
Inside

I'm lost (ah)
You'll never find me
I'm lost
You'll never find me (ahhh)
I'm lost
You'll never find me (ahhhh)

I'm lost

Come for me

(I'm not doing fine)

(fuck, ahh, dammit, fuck, dammit, damn)

I'm not doing fine
