

## BS (A Hole in the Head)

Korzus

You may swear  
And forget your reality  
You feel closed  
An invisible jail you see

Never saw  
The taste of liberty

You never fight!  
You blame the time!  
You think you're light!  
Bullshit!

You don't want  
anyone to take you out of bed  
You've got nothing to pursue  
And it's very sad  
never took, never used  
the chance you had

You never fight!  
You blame the time!  
You think you're light!  
Bullshit!

Bullshit

You're a slave of the night  
Of the easy life  
Never thought, Never Walked  
Never saw the light  
In your head there's a hole  
And it's three feet wide

You never fight!  
You blame the time!  
You think you're light!  
Bullshit!
