

# I Want it All

Kosheen

Tide keeps rolling in  
I stand watching it  
Keep on giving it to us  
Silence over me  
Keep on holding me  
Every night  
I know where you sleep  
And it's hurting me  
It's hurting me  
(CHORUS:)  
When I want it all  
For myself  
I want it all  
I want him for myself  
I want it all  
(END CHORUS)  
You tease me  
Telling me  
It's over  
Wait and see  
Leave it  
You're lying  
When you tell me  
You're not happy  
Come to me  
For sympathy  
Every night  
I know where you sleep  
And it's hurting me  
It's hurting me  
CHORUS  
Tide keeps rolling in  
I stand watching  
As you keep on giving it to her  
Keep on  
Keep it on  
Time isn't cold enough  
Isn't after us  
It's hurting me  
CHORUS
