

Angels Will Cry

Kotipelto

Waves of hatred pushing over the world Chaos spreading rootless
people loot Turn your back but make no move If you knock on the
door, someone will shoot And don't you want for a friendly smile,
it's alright Fear is only a state of mind, not just some emotion
It's hard to be kind, not to be blind, and face it all

Angels will cry And the moon will disappear The sun slowly dies
We'll/Will be fading into the dark so I fear

Lost our dreams, lost our noble thoughts The search for the goal
was doomed from the start Greedy vultures stalking the prey
Evil composers ruling the day In the end when all is said we're
all the same Their eye in the sky controlling your life Watching
every motion Always sleeping, but whose betraying and Whose
to blame

Angels will cry And the moon will disappear The sun slowly dies
We'll/Will be fading into the dark so I fear

Angels will cry And the moon will disappear The sun slowly dies
We'll/Will be fading into the dark so I fear

Angels will cry And the moon will disappear The sun slowly dies
We'll/Will be fading into the dark so I fear (So I fear, So I
fear)
