

# Once Upon A Time

Kotipelto

I feel it  
I sense it  
The weight of a thousand years  
What have we done, the powers unknown have been released  
I've been there  
We don't care  
Just living with no fear  
Now say your prayers all mankind will be deceased  
Once upon a time  
One big explosion  
Once upon a time  
They've been telling  
Once upon a time  
Things were set in motion  
But we are soon through  
You see it  
You feel it  
What are you gonna do  
Turning your ahead away pretending to be cool  
It's time now  
To wake up  
And stake a point of view  
We are already running out of tools
