

Closing Time

Kottonmouth Kings

So here we are again when the lights go on,
Another ending to a night of Irish Car Bombs,
Lots of drinks yet too many to remember,
I was gettin hooked up and my friend was the bartender,
Just, playing pool and DJng on the jutebox,
Tom Bany, Steve Miller, Snoop Dogg, and Pac,.
People spillin their guts like they're just spit hogs,
But that's what happens when you mis pain and alcohol,
Let's put some money up and make a little side wager,
8 ball best out of 5 with just a little paper,
It's always fun to put at least a dollar on it,
And if you win make sure your victory is always honest,
Yea

You never know when your gonna lose,
And you never know when your gonna win,
(You never know, you never know)
Take a look around 360 views at tonight when it's about to end,
(Tonight when it's about to end)
You ain't gotta go home but you gotta get to gettin on outta here
(Get to gettin on outa here)
So when the waitress comes around make sure that you order up another beer
(Another one, another one)

When the music stops and the lights go down,
And she calls for a final round,
Closin Time
When the feelings right in the dead of night,
At home in a sleepy town,
Closin Time
It's closin time turnin off the sign,
Makin toast to the ones above,
Closin Time
We drink Moonshine and we walk the line,
It's a party in every life,
Closin Time

How's it goin friend why don't you come on in,
The weather's lookin schisty the same for many men.
Please pull a chair, closer here, order up a cocktail,
Whipe away the day with the Whiskey and So all hail to the bartenders tendin
g,
For taking all the pain away and not defending,
The reasons why I be drinkin a cold one,
My favorite watering hole is holdin my home.
My life my problems are one in the same,
When the clock strikes 2 that's the end of the game,
Back to reality the root of the cons,
Became face to face are always because of the lungs.
And when the sign's back on I'd be back in the mix,
It's a Bloddy Mary mornin I'm gettin my fix,
As the last call approaches,
I fire up the roaches,
And order all my good friends a one last round

When the music stops and the lights go down,
And she calls for a final round,

Closin Time
When the feelings right in the dead of night,
At home in a sleepy town,
Closin Time
It's closin time turnin off the sign,
Makin toast to the ones above,
Closin Time
We drink Moonshine and we walk the line,
It's a party in every life,
Closin Time

Shut em down! Shut em, Shut em down!
Bottoms up, Closin Time, One last round
We stumbling, fumbling throwin the net
Jivin for the finish threw some wink at cats
Bottle after bottle, Dive after dive
This kid got loud so I socked him in the eye
Cracked him in the jaw
Left, right, Combo!
Put him on the floor play his ass like a bongo
threw us outside
Kottonmouth Kings Now we baned for life
But that's alright,
You know how we role
We got more DUI's than the highway patrol

When the music stops and the lights go down,
And she calls for a final round,
Closin Time
When the feelings right in the dead of night,
At home in a sleepy town,
Closin Time
It's closin time turnin off the sign,
Makin toast to the ones above,
Closin Time
We drink Moonshine and we walk the line,
It's a party in every life,
Closin Time

Walk in the room the whole place stops and looks at me,
Cats from the other side recognize my tats,
What's up with that?
I see whispering,
Must be that crown on my neck I wreck that 'H' on my back,
Right into the bar people lookin I'm a star,
Right into the bar time to get some alcohol,
Right into the bar while I slip into my zone,
I got to get a shot of that Patron,
So hey bartender we got to keep em movin,
Anybody wants a drink say you better get to missin,
Me I'm in a hurry cause I want another shot
Plus I wanna get blitzed get ahead to smoke some pot
This life I chose late nights and long roads,
Half hours in the dark my joint stay spark,
I'm baggin bunddles,
Health is key,
Cause I chase these dreams in this concrete jungle

When the music stops and the lights go down,
And she calls for a final round,
Closin Time
When the feelings right in the dead of night,
At home in a sleepy town,

Closin Time
It's closin time turnin off the sign,
Makin toast to the ones above,
Closin Time
We drink Moonshine and we walk the line,
It's a party in every life,
Closin Time
