

Cruizin, havin good times
Got my hair right in the sunshine
Take a flight around like an airplane
Got my butterfly and I'm feelin great, whoo
Cruizin, havin good times
Got my hair right in the sunshine
Take a flight around like an airplane
Got my butterfly, yeah

The weather is right and you just might slight
Tattoos on your neck and you like motor bikes
Superstar brights spend a star pay right
Be my lucky star shootin down tonight

You can catch me on the highway cruizin
Top down with my girl and my dog
Hey do way banks we movin
Sunshine burnin up the fun
It's a real nice life to get lifted
Good vibes all around my seat
I took a long deep breath and I drifted
Back home where my life's all green

Hair in the wind is like I'm flyin it's like I'm up in the air
Look all around, see people smilin (Hey how you doin man, hey how ya doin?)
Suns out and I'm feelin like I'm in the tropics
Plus I got a little change in my pocket
Shirts gotta stain but fuck it imma rock it
Southern Cali cruise and there ain't no stoppin it

Cruizin, havin good times
Got my hair right in the sunshine
Take a flight around like an airplane
Got my butterfly and I'm feelin great, whoo
Cruizin, havin good times
Got my hair right in the sunshine
Take a flight around like an airplane
Got my butterfly, yeah

The wind is blowin and her hair is flowin
Pretty girls look at me and I bet she's knowin
She's got it goin on flowin on she's blowin
Spread your wings and fly your my sweet butterfly

I got my stereo on
I got my portable bong
My ladies riden shotgun
My loosies do weigh a ton
I put it in cruise control
The rhythms feeding my soul
I pack a bowl after bowl
And everything is alright
It's alright tonight
We gonna cruise all night

Cruizin, havin good times
Got my hair right in the sunshine

Take a flight around like an airplane
Got my butterfly and I'm feelin great, whoo
Cruizin, havin good times
Got my hair right in the sunshine
Take a flight around like an airplane
Got my butterfly, yeah

Cruizin, havin good times
Got my hair right in the sunshine
Take a flight around like an airplane
Got my butterfly and I'm feelin great, whoo
Cruizin, havin good times
Got my hair right in the sunshine
Take a flight around like an airplane
