

Great To Be Alive

Kottonmouth Kings

I's poppin' pills for thrills, I've made mistakes.
I was hopin' anything would kill my pain (kill my pain).
I had some tainted love, I felt betrayed.
I know eventually I'm gunna break (gunna break).
And in my darkest time I know my life will shine (my life will shine).
And when I'm losing hope I'll look up to the sky
It's great to be alive

Everyday is a great day to be alive
One more day get to live my life
I keep it positive never time to fight
Today is a great day to be alive.

Everyday is a great day to be alive
One more day get to live my life
I keep it positive never time to fight
Today is a great day to be alive.

Woke up today steady smokin' on a big log
And I hooked up some breakfast even good cold.
It was a little cloudy, but I don't mind grey days
I'm just excited for another day to chill and blaze.
And take advantage of every second that I am given
Stay happy for the simple fact that I am livin'.
It's kinda crazy how people be trippin'
Cuz that will always be worth that's so unforgiven.
Be happy with what you got
Cuz' soon you might not have it anymore.
I keep movin to the top, keep my eyes on the prize
Happy to be alive.
Be happy with what you got
Cuz' soon you might not have it anymore.
I keep movin' to the top
Keep my eyes on the prize and I'm so happy just to be alive

Everyday is a great day to be alive
One more day get to live my life
I keep it positive never time to fight
Today is a great day to be alive.

Everyday is a great day to be alive
One more day get to live my life
I keep it positive never time to fight
Today is a great day to be alive.

Yo, joints be alive in the darks of days
In the darks of days im rising up from my cave.
Keep my spirits high because I've hit rock bottom
My pops and mom's shit I barely even talk to em.
My two brothas, man they gettin older
Man, they gettin colder, it feel's like it's over.
My sister Andra, from way up yonder
With the same color eyes, I think we all could be closer

Ain't nobody gunna take me under
Ain't nobody gunna stop this ride.
Ain't nobody gunna steal our thunder

It's a great day to be alive.
And I know, there will be better days
These here are the ones that stay
Never thought that I'd ever say, it's a great day to be alive.
Yea, within my lifetime I keep it all relevant.
We treat them dimes not ghetto show elequant.
I rock and roll with the best of them, yea I'm bent.
So many years on the grind, too much time spent.
But now the fools of the labor show they ugly love.
I'm only tryna make music, yea be my drug.
And hold it down for my town and my krown love.
Cuz that's what it is all push, no shove.
And as I come alive, see me blow smoke and watch me fly.
And no I can't see the ground
I'm stayin' up here and I'm never comin down.
And as I come alive, see me blow smoke and watch me fly.
And no I can't see the ground
I'm stayin' up here and I'm never comin down

Everyday is a great day to be alive
One more day get to live my life
I keep it positive never time to fight
Today is a great day to be alive.

Everyday is a great day to be alive
One more day get to live my life
I keep it positive never time to fight
Today is a great day to be alive.
