Kottonmouth Kings

I'm Mr. Cali Cali Cali man  
We smoke the herb and feel alright  
I'm Mr. Cali Cali Cali man  
We gettin' high as a satellite

Mr. Cali man I need to place an order  
I bought a half a B but I need another quarter  
Pineapple kush, here's some luke skywalker  
Bueberry, silver haze, big island shocker  
The smooth rippa, coconut bubbla  
The sweet kind of flavor, I don't mean to trouble ya  
My people be lovin' ya, the good you be harvesters  
Supreme produce, the master of  
Mr. Cali man I'm all troubled up  
I need the healing tree, yes I need to re-up  
I'm twisted and turned, yes I'm all tied in knots  
I need this session to help me connect the dots  
Get it pumping through my system like an organ that's vital  
Mr. Cali man I need a smoke out revival  
One hitter quitter, so I can relax  
Kick back, nut up, and face facts

I'm Mr. Cali Cali Cali man

I'm Mr. Cali Cali Cali man  
We gettin' high as a satellite  
I'm Mr. Cali Cali Cali man

Hola amigo And we all here to burn one down  
In every region, the herb is the reason  
For everything, I am so lifted right now

(let me hit that joint)  
So we be stonin out, let's pack it up, let's get to chillin'  
Every flavor in my jar, stack it high to the ceilin'  
Feelin' good, like I should, got the fire, I be grillin'  
Packin' hash from my stash, through the neighborhood, dealin'  
Grab the cash, double dash, and I got the town healin'  
Feelin' fresh, smoke a bowl, it's never trash, I be feelin'

I wake up and it's eighty degrees in February  
Birds chirpin' smokin' on some blueberry  
In flip-flops, shoes and socks not necessary  
But, yes, I need my shades to cover up, my eyes are blazed  
Mr. Mr. Cali man call me Johnny Richter  
King or the quakes, and the blended up rome elixirs  
Couldn't states marinate in then you brew a choice  
California, the state making the most noise

I'm Mr. Cali Cali Cali man
