

## Smile

Kottonmouth Kings

Smile when you cum  
Cum as you please  
Smile when you cum  
Oh won't you cum for me  
Smile when you cum  
Cum as you please  
Smile when you cum  
I hope you never leave

Relax and follow me  
I can make you feel so right  
Sit back and let yourself go  
I'm all alone with you tonight  
I know that you know baby  
Look me in the eye sweetheart  
It's no surprise that we're together  
How you make me feel inside my heart  
So you follow me I'll follow you  
You be me and I'll be you  
Let's drift away like the breeze  
I hope you never leave  
Now my soul is running free  
I can see you in my eyes  
Ain't no telling what's going to happen  
When I cum inside

I'm addicted now  
I'm addicted then  
I want to see you cum  
Again and again  
You know it feels so right  
It flows so naturally  
When us two are one  
Let me plant my seed  
Candles light the room  
Incense fills the air  
Waterfalls cascade  
Down your flowing hair  
I'm in ecstasy  
My body's getting numb  
I love to see your face  
Smile when you cum

You know I love to make you smile each time we meet  
And I hate to wait for you to come back believe  
When our souls come together it just feels so right  
'Cause we can make each other smile all through the night  
So won't you come and smile for me  
Come show me how it's supposed to be  
Let's do the deed and grow together  
In sunny days or stormy weather  
Like shooting stars colliding in the nights wide open sky  
Just make a wish girl and hope it comes true  
'Cause all I want to do is watch you smile
