

Stay Stoned

Kottonmouth Kings

If I stay stoned (If I stay stoned)
And you stay stoned (And you stay stoned)
And we'll be stoned (And we'll be stoned)
That's not untrue (That's not untrue)
If we stay high (If we stay high)
They don't lie (They don't lie)
Death will fly (Death will fly)
Into the blue (Into the blue)
The sun will rise (The sun will rise)
With bloodshot eyes (With bloodshot eyes)
Don't think twice (Don't think twice)
It's overdue (It's overdue)
It's paradise (It's paradise)
It's far too nice (It's far too nice)
Good disguise (Good disguise)
Must be voodoo (Must be voodoo)

Here's hoping that you're smoking an ounce a day
Here's hoping that good things are coming your way
Smoking an ounce a day
If Mary Jane is our best friend
Let's smoke her proud
If getting high has got to end
Please don't end it now
