

## Summertime

Kottonmouth Kings

Out of all the guys that approach me  
Walking up to me like they know me  
You were the one that stayed aside  
Waited a while and took your time  
You don't know how impressing  
Your curiosity was to me  
It was the fourth day of July  
Looked in my eyes and saw that I

I wanted more than just a man  
I needed a friend  
Someone I can talk to, someone who really listens  
When you touched my hand, the sun got brighter then  
Trusting you, I closed my eyes and felt our love begin

It was the summertime  
When we fell in love, it was the summertime  
Heaven shined on us; it was the summertime  
Baby, there is nothing like the summertime  
Summertime

Now it's been a year and we're closer  
Fall in love again when I hold ya  
I know that God set you aside for me  
And now you are my prize  
Wanna grow old with'cha  
And fill our house with your pictures  
Have a son for you  
A little girl for me  
Together we'll raise a family

Baby, you're more than just a man  
You are my best friend  
Someone I can talk to, someone who really listens  
When you touched my hand, the sun got brighter then  
Trusting you, I closed my eyes and felt our love begin

It was the summertime  
When we fell in love, it was the summertime  
Heaven shined on us; it was the summertime  
Baby, there is nothing like the summertime  
Summertime

It was the summertime  
When we fell in love, it was the summertime  
Heaven shined on us; it was the summertime  
Baby, there is nothing like the summertime  
Summertime
