I'm gonna live my life from day to night with no hesitation
Make the best of every situation that I find myself placed in
Decidin right from wrong, choosing my final destination
Cause when it's said and done, it's just yourself that you are facin'

Say Say
Say good-bye to tomorrow
Wash your sorrow
Live and learn
Listen up and follow
Do what you want, so let me rock it
I be dammed if you think you gonna stop it
Popo it drop it D-Loc get up on it
Don't you think your sink cause you can't call it
