

# Void To Final Consumption

Kozeljník

(I) Kill (Me)  
and plague with invocation of Time when I'll erase All and the  
Self  
and lead your souls into (the) undying Hateflow  
to spread the stench of naked infected flesh  
when no longer any word is spoken  
through the sealed mouth.. rotten mind  
Through these flaming eyes I'll see All of the Earth shining br  
ight in its pain  
...its living shell burnt to ash, in disgust...  
Enter the Black Flame hall / My cold nourishing specter of drea  
ms  
Enter the Black Flame hall / Revival of the long gone Wisdom in  
pure destructive filth:  
A void to final Consumption
