(I) Kill (Me)

and plague with invocation of Time when I'll erase All and the Self

and lead your souls into (the) undying Hateflow

to spread the stench of naked infected flesh

when no longer any word is spoken

through the sealed mouth.. rotten mind

Through these flaming eyes I'll see All of the Earth shining br ight in its pain

...its living shell burnt to ash, in disgust...

Enter the Black Flame hall / My cold nourishing specter of dreams

Enter the Black Flame hall / Revival of the long gone Wisdom in pure destructive filth:

A void to final Consumption
