

## Eternal

Krabathor

Sky is full of terror  
Full of life and death  
How much pain stand I?  
Cruelty crush my heart

Horizon is in a cramp  
In the psychic ruin  
I'm torment, but don't kneel  
I'm in the nest of worms

Eternal

Remember for all  
For all dirty whites  
Remember for all  
And then I will strong

My soul is a put up  
Put up with the madness  
My pleasure is scarr  
I'm control by own brain

Eternal
