

# Showroom Dummies

Kraftwerk

We are standing here  
Exposing ourselves

We are showroom dummies  
We are showroom dummies

We're being watched  
and we feel our pulse

We are showroom dummies  
We are showroom dummies

We look around  
and change our pose

We are showroom dummies  
We are showroom dummies

We start to move  
And we break the glass

We are showroom dummies  
We are showroom dummies

We step out  
And take a walk through the city

We are showroom dummies  
We are showroom dummies

We go into a club  
And there we start to dance

We are showroom dummies  
We are showroom dummies  
We are showroom dummies
