Bone, Bone, Bone, Bone, Bone  
Let me get ya twizted man  
Let me get ya twizted man  
Let me get ya twizted man  
Let me get ya twizted man

2x  
Teach 'em who the illest  
Show 'em who the realest  
Who can make ya feel it?  
Ha, ha who?

You see me hit the ground runnin'  
A hundred miles and still gunnin'  
I might be the coldest nigga that ever done it  
I hit 'em with the flow that'll get me paid  
Money, at the same time in the game ya can't touch this  
Smooth with the roughness, thuggish ruggish  
I put a little bit of singing with it, and they love it (Rugged)  
Put 'em all in the bucket  
Busted, lyrical killa to get dusted (dusted!!)  
I can tell how you bite my style, you can mean good  
But I'm finna shut 'em all down (all down)  
All y'all fall down  
Mista Sawed Off, raw dawg  
I'm tellin' y'all now (y'all now)  
Y'all better get ready for Ball'R Records and ThugLine

Caught up in the rapture, we got ya just after one rhyme  
They don't really wanna get it on  
They don't wanna see the Bone, Bone  
We can take it to the middle of the floor yo, harass them niggaz  
Get up in 'em like the po-po's  
Still flow, so cold  
Krayzie jackson blazin' at ya Aimed exactly atcha, gotcha  
Shots will drop ya, fade ya propa  
Rock the spot and make ya holla "Dolla bill y'all"  
Make a mill with my real dawgs  
Wit the down niggaz, and I feel yall  
Gotta kick it with the trill always, gotta chill with a ill squad  
That'll really feel y'all, y'all, y'all  
Bone still doin' it to 'em  
No matter who in the room or who in the build'  
No matter who close the show  
You ask the party people who stole it though, they know

They don't really wanna rumble, ya seen us  
Split 'em while I hit 'em  
Nigga did him in the first verse  
If y'all suckas wanna work, nigga take off ya skirt  
and drop ya purse  
And I'ma do you like it hurt (word up!)  
Keep a Burna when I'm heated, get up in 'em like the automatic nine millimet

Drop a bomb on a nigga  
It's the, original thugs, the criminals love us  
'Cause we give 'em somethin' to bump, the music is murder

Nigga y'all rememba "No Surrender"  
Then we hit 'em up on the "First of Tha Month"  
And everbody got scared when the niggaz said "Dear Mr Ouijia"  
Now I'm up in the club, in the cut with the Thugs  
Puffin' on bomb ass bud  
Finna show 'em how to flow when I pour a lil mo' drinkie, drink off in my cu

Shake, shake it all in (all in)  
A lil' somethin' that I made up, sip it with a friend

And if you want it nigga' we can get it crackin'  
We can get into some action if you really wanna battle me  
Money on the wood make the bank go good Money outta sight might start a fight (aight?)

Let 'em ride to the rhythm of a criminal, yes sir
