You don't know how much I hate you
And always will
I'll never crawl before your thrones
You don't know the day will come soon
When we will kill
The final holocaust for your dark hearts

Feels like I'm on poisoned adrenaline Aggro-toxic amphetamine This one goes out to the ones I hate Poisoned adrenaline Socio terror on endorphines

Come join my philosophy
- Absolute misanthrophy!

Feels like I'm on poisoned adrenaline Aggro-toxic amphetamine This one goes out to the ones I hate Poisoned adrenaline Socio terror on endorphines

Come join my philosophy
- Absolute misanthrophy!

Pain after pain
Sin after sin
You'll be the ones that will suffer
The soul always burns as
The body dacays
All that I'm able to feel

Absolute misanthrophy
Absolute misanthrophy
Absolute misanthrophy
I can't wait for you to die!
