

Bone Breaker

Kreator

he bursts their

heads till they die

you feel so mad you're feeling so high

he arrives he's sent from hell

running wild by the sound of the bell

bone breaker he takes your life

bone breaker he eats out your heart

bone breaker he is your death

bone breaker

tonight you'll beat 'em down

tear to shreds and shoot 'em down

when he's down you've got to right to feel

he bursts your head with his blade of steel
