

# Civilization Collapse

Kreator

Let there be darkness  
Let there be blood tonight  
Let there be riots  
Come start the fires tonight  
Can't you see our people have got no choice but to fight them back?  
Can't you see the change of consciousness demands a total attack?  
Total attack  
Finally they're swarming in  
A long forgotten youth  
The cause of inequality  
A paradise for few  
Superior, inferior  
A vast insanity  
When justice is tyranny  
Anarchy is breaking out  
Destruction marks their way  
Burning temples turning into  
Dark crypts of decay  
The mighty are the fallen now  
The weak are on the hunt  
Battle on many fronts  
There will be darkness  
There will be blood tonight  
Now let the riots begin  
Convulsed by protest  
At civilization collapse

Monumental terror  
Spreading like a pestilence  
From suburbs to the center  
Of colossal arrogance  
Cascade of aggression  
Merely harvest seeds of hate  
Storming the barricades  
Cities of inception  
Burn to ashes in one night  
Emperors crying at this grand historic sight  
Entering a death spiral tonight they see their fate  
Doomed to reincarnate

There will be darkness  
There will be blood tonight  
So let the riots begin  
A social unrest  
At civilization collapse
