

## Dogmatic

Kreator

Ruin is your profit  
Meraud the hollow mind  
Religious passion is not for you  
Agnostic modern science  
Suffocate superior forces  
Tearing down this fortress of control

Dogmatic authority falls  
Alternative to submission  
Mental emancipation  
Severance, selection of  
All powers from above  
Strong minded in preparation  
For this sickening mess  
We're living in

Threat for your security  
Authority will collapse  
End pseudo-democracy  
Take fate in your own hands  
Violent terroristic action  
Only self-defense  
Ignorance is unconciouness

No pessimistic vision  
Corruption pseudo peace  
Propaganda drug of nation  
Deceiving you and me  
A psychosocial revolt  
Becomes aware, horowing truth  
Hear my call!

Dogmatic authority falls!
