

Extreme Aggression

Kreator

Extreme aggression
From an extremely insane mind
Resting unconscious
Pushed up by white lines
Inhuman violence
I never thought it would come this far
Sadistic intensions
My greed for blood is growing more
And more

Extreme aggressions
Seeing you suffer bring pleasure to me
Extreme aggressions
My aggressions became to extreme to be
Kept under control

Hallucinations
From the darkest part of my brain
I still can't believe it
I'm really insane
I heard you pleading
But no one hears the screams
Of this soul of mine

Society, what have you done to me
Society, bring you to your knees

Once before I die
Now that I have lost the will to live
Once before I die
I'll take revenge on
Those who's led me to

Extreme aggressions
My emotions, twisted by your lies
Extreme aggressions
Condemned my soul to hell for all time
