

# Fallen Brother

Kreator

Much too young you had to leave this place  
A life united through, whatever came  
The wheel of time has led your soul astray  
Seize and cherish all remaining days  
Slowly we decay

Fallen brother  
Fallen brother  
Welcher Traum auch kommen mag  
The memory lives on  
Fallen brother  
Fallen brother  
Wir vergessen nicht was war  
The blood of our kin, our blood

There's no death the dawn of stars recur  
Snake to Eve: dread the fruits of earth  
Those who passed the gates  
Of darkness through  
Calling out to guide us on the path  
That we must travel too

Fallen brother  
Fallen brother  
Welcher Traum auch kommen mag  
The memory lives on  
Fallen brother  
Fallen brother  
Wir vergessen nicht  
Was war  
The blood of our kin  
Our blood

Hinter den Grabern aus morschem Gebein  
Da wo Gedanken als Geister erscheinen  
Lachen die Toten und trinken den Wein  
Den wir vor Schmerz ob Verlusten verweinen

Fallen brother  
Fallen brother  
Welcher Traum auch kommen mag  
The memory lives on  
Fallen brother  
Fallen brother  
Wir vergessen nicht was war  
The blood of our kin, our blood

Until the dawn of resurrection  
Let's sing a hymn for the fallen ones
