

# Hordes Of Chaos

Kreator

Violent chaos haunting me  
Mirror of countless human tragedies  
Times of horror, constant lies  
Totalitarians autocracy's demise  
Fake peace a necrologue for the elite  
Brutality among the weak  
While children die for Armageddon victory's breed  
This necrologue for the elite  
Like raging beasts among the sheep  
While flags are waving everywhere  
They scream

Hordes of chaos  
Hordes of chaos  
Everyone against everyone - chaos  
Hordes of chaos  
Hordes of chaos  
Everyone against everyone - chaos

Brutal riots left and right  
Out to destroy, willing to die  
Honour killing in blood is shed  
A cruel reality in empires built in sand  
Dark war, more gruesome then ever before  
Supports this decadence galore  
A tyrants feast on shoulders  
Of the poorest of the poor  
The necrologue for the elite  
The rise of the heartless bourgeoisie  
While flags are waving  
Everywhere they scream

Hordes of chaos  
Hordes of chaos  
Everyone against everyone - chaos  
Hordes of chaos  
Hordes of chaos  
Everyone against everyone - chaos
